Zephyr	AA82CB	\$20.60	2	11" x 14½"	10	3.50 lbs.

If long handles are required, prefix number with letter "L."

* In stock for immediate shipment.

GENERAL INFORMATION & INSTRUCTIONS

Instructions for Ordering

To prevent mistakes and unnecessary delays, we suggest adherence to the following rules for ordering. **FIRST** – state clearly, for each item, the following: *Quantity in Pieces . . . Kind of Shovels*, using our list numbers, *Brand Name* (if using private brand) . . . **SECOND** – give date of shipment desired and instructions regarding carrier. **THIRD** – place on the order instructions regarding special lengths, lifts and finishes. All list numbers cataloged are for standard handle lengths and lifts and finish.

Packing

For domestic shipments, shovels, spades and scoops are tied securely in bundles of one-half dozen.

For export trade, shovels and spades are wired in bundles of one dozen, making them secure for ocean shipment. Scoops, owing to bulk, are wired only in bundles of one-half dozen. Other methods of packing are subject to extra charge.

Guarantee

All shovels, spades and scoops manufactured by The Wood Shovel and Tool Company are guaranteed to be free from imperfections in workmanship and material. Shovels returned for our inspection will be examined in terms of their fulfillment and if found imperfect, will be repaired or replaced at our option.

Blade Finishes

Steel shovels, spades and scoops illustrated in this catalog have standard blade finish with polished sockets or straps.

Special Blade Finishes:

Full Polished or Face Polished finishes are available on Alloy and B Grade shovels and spades only. Specify finish wanted when ordering. (See extras page 31.)

Handle Lengths

Handle lengths illustrated are those standard for the type of shovel shown. In ordering special length handles, give measurement from shoulder of blade to end of handle.

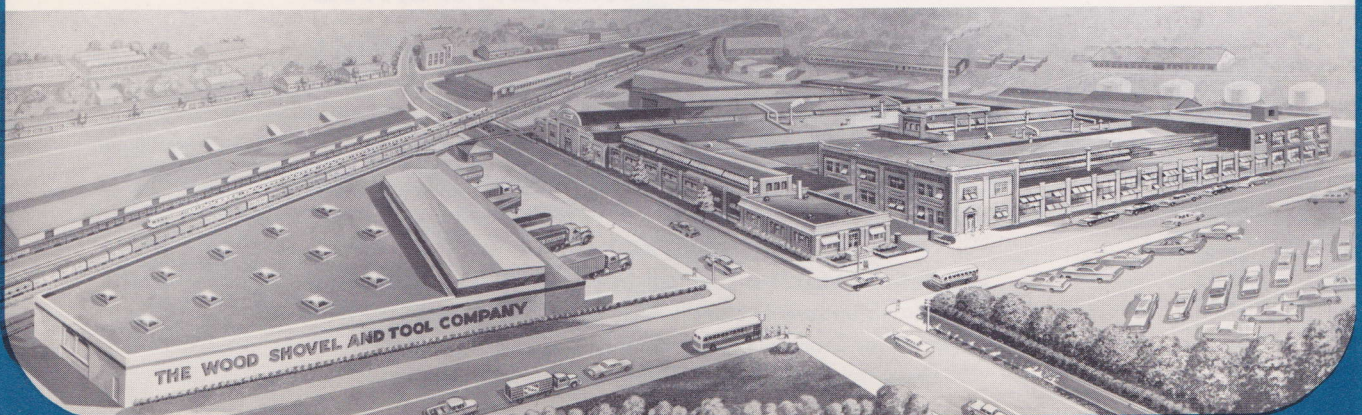

Long Straps

Standard length of straps is 9 inches and additional charge is made for extra length straps. If longer straps are wanted, specify on the order the total length required.

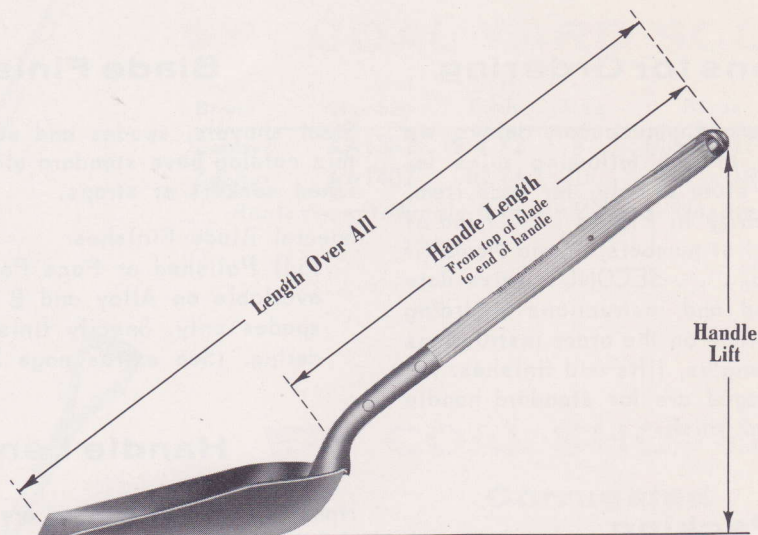

Lifts

All shovels, spades and scoops numbered in this catalog have standard handle lifts. If special lift is wanted, specify so on order, giving measurement from floor to end of handle when shovel, spade or scoop blade is flat on floor, see page 30.

Offices and Main Plant of The Wood Shovel and Tool Company, Piqua, Ohio

How to Take Measurements and Lifts of Shovels, Spades and Scoops

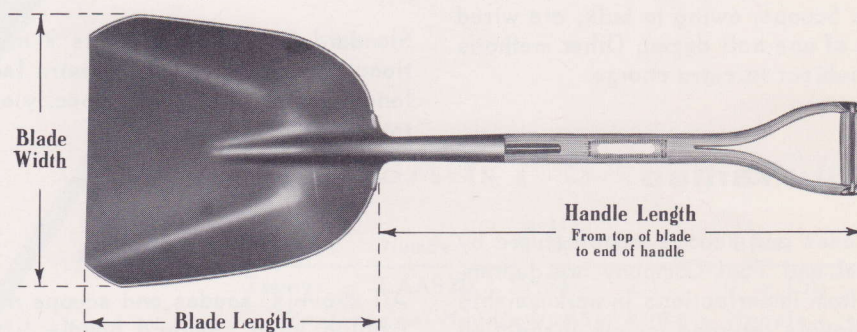

LENGTH OVER ALL – Length over all is measured from the edge of the blade to the top of the handle, as shown.

HANDLE LENGTH – In completed tools, handle length is measured from the top of the blade to

the end of the handle, as shown.

HANDLE LIFT – Handle lift is measured from the center of the D, or the top of a long handle, to the floor when blade is flat on the floor in shoveling position, as shown.

BLADE LENGTH – Blade length is measured from point of the blade to the top of the blade, as shown.

BLADE WIDTH – Blade width is measured from edge to edge of blade at the widest part, as shown.

Standard Lengths and Lifts

SHOVELS

Length of Standard D Handle	27"
Lift of all Standard D Handle Shovels	18" to 21"
Length of Standard Long Handle	47-51"
Lift of all Standard Long Handle Shovels	29" to 33"

SPADES

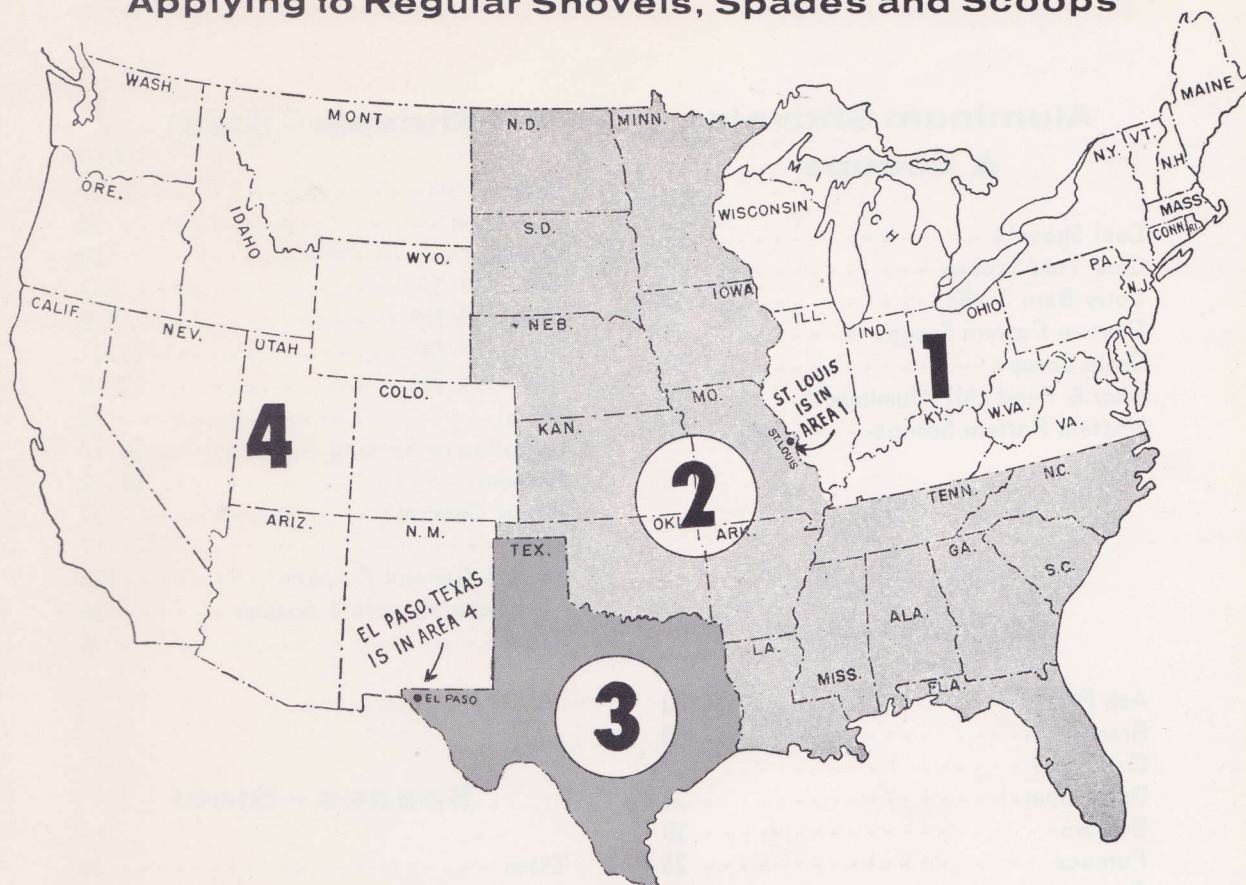

Length of Standard D Handle	27"
Lift of Standard D Handle on Garden and Nursery Spades	10" to 12"
Lift of Standard Drain and Ditch Spades	6" to 8"

SCOOPS

Length of Standard D Handle	27"
Lift of Standard D Handle	21" to 23"
Length of Standard Long Handle	48"
Lift of Standard Long Handle	32" to 34"
